### **Student Absence Intervention**

The Brown County Educational Service Center provides and supports Brown County student attendance policies. The Brown County ESC coordinates, and fully supports both the juvenile court staff and school district staffs. Brown County Attendance officers provide support for Brown County schools with the Implementation of House Bill 410 mandates, and all compulsory attendance related issues. The mission of the Brown County Educational Service Center Support Services Section is to advance student success and help close equity gaps by reducing chronic absence. Residency verifications are also provided as a component of student absence Intervention.
